

# Sunnyside Surgery Patient Participation Group

Would you like to be a member but don't have the time to come along to meetings?

We are currently looking at ways to increase the group's membership but are aware that it is not always convenient for people to find the time to attend regular meetings. We are therefore setting up an email group so that members can contribute to the PPG from the comfort of their own home.

The aim of the Group is to make suggestions which would improve information and services for patients to help achieve the highest possible quality of patient care. You would be sent agendas, meeting notes and be included in any group email circulations so you will have the chance to be involved in discussions regarding proposed changes and improvements.

If you would like to join us please fill in the form below and leave at the reception desk.
